How Hanks Disappeared and How Ho Betrayed Himself.

The Sensational Case That Agitated Cache Valley Two Years Ago-Ogden News Gleanings-Election of Officers by the Pythian Grand Lodge,

OGDEN, June 21 .- [Special.] -As a se quel to the disappearance of Ephralm M. Hanks, of Logan, the mysteries of which were fully exploded by The Herand last fall, a suit for divorce has been commenced in the district court by Mary E. menced in the district court by Mary E. Hanks, the ground for the request for a decree being descrition and failure to provide. The lady also asks for the custody of the five minor children, and deeds to all of the provide of the p all of the property now standing in Hanks' name. This property is very val-uable, and is situated in Cache Valley.

THE HANES DISAPPEARANCE.

The story of the disappearance and the subsequent finding of the man by an to Ogden citizen created a great deal of interest throughout the west. Late in October of 1890, Hanks left home with \$450

tober of 1890, Hanks left home with \$450 in his pocket, presumably for the purpose of purchasing hay at a farm across the Logan river. He drove a mule attached to a road cart, and when near the river was seen to stop and tighten the burr of one of the wheels of the cart.

This was the last seen of the men until last fall. As he did not return that night a search was instituted and the cart was found upside down in the river, while the mule was grazing in a field on the opposite side of the stream. Hanks' hat and coat were also found floating far down the river. Several searching parties were in the field for a number of days, but no trace was ever found of the missing man in that vicinity.

the opposite side of the stream. Hanks hat and coat were also found floating far down the river. Several searching parties were in the field for a number of days, but no trace was ever found of the missing man in that vicinity.

Hanks heterays himself.

Last fall Richard Taylor of Ogden was in California and one day on the train he overheard two men in conversation roasting the A. O. U. W. for not promptly paying up the insurance on the life of its members, and cited the Hanks case of Utab. In this case the lodge refused to believe that Hanks was dead, and the widow had been unable to collect not only the insurance due from the order, but that in a number of regular insurance companies. Looking over the shoulders of the men Taylor saw that the man who was so loud in his denunciation of the order, with whom he was personally acquainted. Subsequ utly Hanks was (ccated more definitely, but he refused to return home to his wife and companies was Hanks himself.

NOT ON THE RECORDS

The secretary of the Ogden Bar association has been notified, in the following letter, that the name of Ricy H. Jones, recently recommended by the association for disburment, on account of alleged distonorable and unprofessional conduct, does not appear upon the records of the supreme court of the territory:

It is very probable no action will be taken by the association at this term of the supreme court, but as soon as the district court of this district is again in regular session complaint against the gentleman will be made.

On Saturday next the bur will meet and adordersolutions of respect for the memory of Judge Oscar F. Hunsaker and W. N. Snelling, members of this bur who have recently joined the great majority.

Fever and ague, and its congener, billous remittent, besides affections of the stomach, liver and bowels, produced by miasmatic air and water, are both eradicated and pravented by the use of Hostetter's Stomach Bitters, a purely vegetable slixir, indorsed by physicians, and more extensively used as a remedy for the above class of disorders, as well as for many others, than any medicine of the age. A languid circulation, a torpid state of the liver, a want of vital stamins, are conditions peculiarly favorable to malarial diseases. They are, however, surely remedied by the great preventative, which, by invigorating the system and endowing it with a resisting power which enables it to withstand disorders, not only of a malarial type, but a host of others to which feeble and ill regulated systems are subject. The bitters are a safe as well as searching eradicant, and have widely superceded that dangerous drug, quinine, which palliates but does not eradicate malaria.

New York, June 21.—Stock market irregular in early tracing and as a rule lower quotations prevailed. The general list yielded is to is on light transactions. Reduction in posted rates of sterling exchange induced a partial recovery in Reading, but when it became known that Barling Magoun & Co. had ordered 550,000 in gold for shipment from London to New York, the complete change. The improvement was stimulated by a let-up in the stringency in the money rate for earl loans dropped from 20 to 4625 per cent., and by advices from Washington regarding government interest due July 1. The shorts were considerily slammed by a chauge in the situation and rushed in to cover, only to find the supply of stocks offering below requirements. As a rule the advance was well maintained at close Lackswanna alone showing an important reaction. The market closed firm in tous.

Judicious Use Of Printers Ink

Will bring sure returns. You never hear of a man or corporation who know how to advertise so as to catch the public eye and retain the attention of the readers of the daily press, who is compelled to close the dors and hang out the sign "Assignee's Sale. In legitimate business it is push, enterprise and attention to every detail that brings success.

Let People Know Your Business

Through the same medium as they get all the news, and you will prosper. Let your light be seen of men and the result will be so satisfactory that the yellow metal of the rich and the white metal of the poor will find a resting place in your pockets.
